Explanation of any unspent funds (to be provided only if unspent funds remain at the end of the fiscal year):

Contract negotiations have been finalized with the selected consultant, and we received the contract with their signature; we are anticipating the contract to be executed by the county and the NTP to be issued in within the next week or two. The consultant's schedule has them starting immediately on survey and concept design (this summer), and a public / community meeting is planned for later this year (autumn months). Design and permitting tasks should wrap-up during the spring months next year, and advertisement for construction bids will follow with construction activities expected to start in the summer months (2026).

Expenditure Certification

The Organization certifies that the funds have been expended in accordance with the Plan provided to the Agency Providing the Distribution and for a public purpose.
