State-Funded School Resource Officer (SRO) Program Purpose

- The purpose of the SRO Program is to provide funding to hire certified law enforcement officers to serve as full time SROs for school districts that otherwise would lack the adequate resources to hire their own SROs.
- There is no local matching requirement.

State-Funded School Resource Officer (SRO) Program Purpose

Some key points to note:

- The funding is for certified law enforcement officers to serve as an SRO, not security guards, part time officers, or overtime
- A state-funded SRO must be full time and assigned to one school
- An SRO is considered locally funded regardless of whether the funding is coming from the school district, the local government, or a combination of both
- A school is considered to have adequate resources to hire their own SRO if they have had a locally funded SRO in the past
- The SRO Program will not replace local funding with state funding
- The SRO Program is not funding a second SRO in a school at this time

State-Funded School Resource Officer (SRO) Program

Eligible Applicants

- Traditional School Districts
- South Carolina Public Charter School District
- Schools authorized by an institution of higher learning (e.g. Charter Institute at Erskine, Limestone Charter Association)

State-Funded School Resource Officer (SRO) Program Award Period

- The award period for this solicitation is through June 30, 2023
- Announcement of new funding will generally be made within 30-45 days of the law enforcement partner completing and submitting their portion of the application at [SCDPSgrants.com](https://scdpsgrants.com)
- If approved, existing SFY 22-23 SRO awards will be revised to include the new funding
- If approved, a law enforcement agency receiving their first state-funded SRO will receive a new award with an award period through June 30, 2023

State-Funded School Resource Officer (SRO) Program

Allowable Expenses (see solicitation for details)

- **Base Salary and Fringe Benefits (Employer Contributions)**
 - Insert annual costs in application. DPS will prorate based on award date
 - Includes all employer contributions (e.g., Social Security & Medicare (FICA), Retirement, Workers Compensation, Health/Dental/Accidental Death Insurance)
 - Include any anticipated pay increases for the award period
 - Include any anticipated increases in employer contributions for the award period
 - Use highest base salary at which the agency would hire a certified officer
 - Use highest estimated employer contributions (e.g., full family vs. single)

Note: Only actual base salary and fringe (employer contributions) supported by agency payroll records will be reimbursed. Overtime will not be reimbursed by the SRO Program, but may be paid from other funds available to the law enforcement agency and/or compensatory time during school breaks in lieu of overtime may be used in accordance with the law enforcement agency's policies. Funds awarded for Personnel – Salary are not transferable to Travel, Equipment, or Other budget lines and any Personnel – Salary funds unused after the end of the award period will be de-obligated.
