School Resource Officer (SRO) Program

- What is the SRO Program?
 - The SRO Program is a state-funded program that can provide funding to local law enforcement agencies for the salary/fringe, training, and equipment for a full-time SRO assigned to an eligible school.
- How is the funding provided?
 - If an application is approved, an award is made to the law enforcement agency. Once the law enforcement agency assigns an SRO to an approved school, approved salary/fringe, training, and equipment costs can be reimbursed to the law enforcement agency through a Request for Payment (RFP) accompanied by supporting documentation.
 - There is no local matching requirement.
 - The procurement, purchase, and reimbursement process will be explained in detail at a Project Management Course after an award is made.
 - For more information, last year's Project Management Course can be viewed at the SRO Program [Website](https://scdps.sc.gov/ohsjp/school-resource-officer-program) located at <https://scdps.sc.gov/ohsjp/school-resource-officer-program>.

School Resource Officer (SRO) Program

- What schools are eligible for a state-funded SRO position?
 - Must be a public or charter school associated with **ONE** of the following:
 - A county school district
 - The South Carolina Public Charter School District
 - An institution of higher learning charter authorizer. Currently, these are the Charter Institute at Erskine and the Limestone Charter Association
 - Must be a continuing state-funded SRO position **OR** a new position that does not have local funding for an SRO position from the school district, law enforcement agency, or a combination of any local funding
 - Must be in its own building **OR** receive SCDPS approval after a site visit that demonstrates the need for a state-funded SRO position.
 - If the school is in a building with another school or within a school complex with multiple buildings, contact your SRO Program Coordinator for additional clarification or to set up a site visit

SFY 2025-2026 Application Process

- SFY 25-26 SRO Program applications will be released in SCDPS' **NEW** grant management system, *IntelliGrants*, at scdps.intelligrants.com on January 31, 2025
- SFY 24-25 SRO Program awards will continue to use the legacy grant management system, *SCDPS Grants*, at scdpsgrants.com
- Law enforcement agency applicants should have already attended or reviewed the Applicant Training for *IntelliGrants* prior to this presentation. The training presentation can be accessed at scdps.intelligrants.com

INTELLIGRANTS | Office of Highway Safety and Justice Programs

Welcome to IntelliGrants, the South Carolina Department of Public Safety's electronic grants management system!

The South Carolina Department of Public Safety (SCDPS) is pleased to unveil this effective, user-friendly, and reliable system that provides greater efficiency for Office of Highway Safety and Justice Programs (OHSJP) grant applicants and subgrantees.

How to Get Started: [Applicant Training Video - January 16, 2025](#)

- Registration on this page must be completed only by your organization's designated Agency Administrator (AA). The AA role is the person responsible for the day-to-day management of the organization's grants who is designated to initiate, view, contribute to and submit Applications, Training Requests, Procurement/Purchase Requests, Progress Reports, and Financial Reports. The AA role assigns and manages organization staff user accounts for any additional Agency Administrator, Agency Certifying Official (AO), Agency Contributor (AC), and Agency View Only (AV) security roles.
- The AA will click the New User link at the top right to begin registration. Once submitted, the request will be reviewed by an OHSJP staff member for verification. Please allow up to five business days for processing. Once approved, the Agency Administrator will receive a *Notification of Access Approval* email from the IntelliGrants system.
- Non-AA roles must contact their Agency Administrator to request access to the system rather than using the New User link on this page. Once the AA receives access, they are responsible for designating access to the organization's account to other staff members as they deem appropriate.
- Once registered, all users will have access to a Training Materials link, which features both print and video assistance.

School Resource Officer (SRO) Program

- Part 1 of the annual application allows the school district to:
 - Request continued funding in the new fiscal year for existing state-funded SRO(s)
 - Request a full-time state-funded SRO for eligible new schools or existing schools that don't have local funding for an SRO
- Part 2 of the annual application allows the law enforcement agency to:
 - Add new state-funded SRO positions at eligible schools being requested by the school district to include salary/fringe, training, and equipment
 - Update salary costs to include any existing or upcoming starting salary, COLA, or pay step increases for or during the next State Fiscal Year (SFY)
 - Update any fringe costs to include any existing or upcoming retirement, insurance, or other increases
 - Request training or replacement equipment for existing state-funded SROs

School Resource Officer (SRO) Program

Part 1 (Completed by the School District)

- Consists of the one page Appendix A of the Solicitation document
- If request is just for continued funding for existing state-funded SROs then complete Part 1A **only**
- Part 1B is only completed **if** requesting a new state-funded SRO position for an eligible school without a funded SRO position. Include all new requests on one form
- After the School District Superintendent **signs and dates** the Appendix A:
 - **As soon as possible**, but no later than February 18, 2025, forward it to all law enforcement agency partners providing state-funded SROs and copy SROProgram@scdps.gov

DISTRICT NAME:		EMAIL ADDRESSES:

POINT OF CONTACT:		
PHONE NUMBER:	EXT.:	WEBSITE:

This application is made pursuant to the South Carolina Code of Laws, the South Carolina Appropriations Act, and related provisos, requesting that law enforcement agencies providing state-funded SROs to this school district be provided continued funding for the salaries, training, and equipment of existing state-funded SROs in addition to any new state-funded SRO positions requested below.

PART 1B STATE-FUNDED SROS ARE REQUESTED FOR THE FOLLOWING SCHOOLS WITHOUT AN SRO:
LEAVE THIS SECTION BLANK IF NOT REQUESTING NEW STATE-FUNDED SRO(S)
(List starting with highest priority at top. Attach additional sheet, if needed. Charter school districts do not need to prioritize and may submit an individual Appendix A for each school.)

NAME OF SCHOOL	SID#	LAW ENFORCEMENT AGENCY

If new positions are being requested, I affirm that the above school(s) do not have a full-time locally funded SRO and that local funding for SROs will not be supplanted. Additionally, this school district has coordinated with the law enforcement agency(s) listed above and that they have a reasonable expectation to be able to hire/assign officers to new state-funded SRO positions within 180 days of the beginning of the award period. It is further understood that this application is subject to approval and may be limited based on funds available for award.
