**STATE OF SOUTH CAROLINA
DEPARTMENT OF PUBLIC SAFETY
HIGHWAY SAFETY GRANT APPLICATION**

The South Carolina Department of Public Safety, Office of Highway Safety and Justice Programs (OHSJP) administers the federally-funded State and Community Highway Safety Program (commonly referred to as Section 402), and coordinates highway safety activities throughout the state. Each year, South Carolina receives approximately three million dollars in

Section 402 funding. SC uses these and other federal monies to fund sustainable grant proposals aimed at reducing collisions and traffic-related fatalities and injuries. Applicant's proposals must demonstrate a measurable impact on highway and traffic safety; be cost effective; and contain a method of evaluation that substantiates both performance and impact. Highway Safety grant funds are awarded to qualified applicants to create new or expand existing highway safety programs, with the intention that such initiatives continue when grant funding is discontinued. State agencies; non-profit 501(c) 3 organizations, political subdivisions (city and state), and state, local and federally-recognized Indian tribal governments are eligible to apply. The usual grant funding cycle is from October 1 - September 30. The submission deadline is in February of each year.

Program Narrative

Describe the nature and magnitude of the problem using valid, updated statistical data; cite the source and date of your information. Sufficient data should be provided to prove the problem is significant and should be addressed. Include a discussion and analysis of trends in traffic-related incidents, their scope and characteristics. Data should be presented covering the past three (3) years. Second, include a discussion on your existing efforts and level of activities (current resources and programs) in dealing with the problem and why new or additional intervention/activity is needed.

The Seventeenth Judicial Circuit Solicitor's Office is located in South Carolina and is comprised of Dexter and Smith Counties. Both Dexter County and Smith County are ranked in the top twenty counties for fatal and severe injury DUI alcohol and/or Drug Collisions. Data provided by the Dexter County Chamber of Commerce states there were 300,000 residents residing in the county as of 2020, and data provided by the Smith County Chamber of Commerce states that there were 120,937 residents residing in Smith County as of 2020. Population indicators estimate that the number of residents has increased by an approximate combined percentage of 12.2% from 2016-2020. With this growth, the area is experiencing increases in road travel and registered vehicles on the roadways, as well as a corresponding rise in traffic collisions.

In addition to the permanent residents, Dexter and Smith Counties attract tourists and seasonal residents as they are located in the coastal region of the state. Hospitality and tourism are big business for the area, and there are numerous bars and restaurants throughout the two counties, as well as sporting and entertainment events that are routinely hosted at county venues. Dexter County annually hosts a Barbeque Festival which attracts tens of thousands of attendants over a four day period during the month of July. Also, Smith County holds motorcycle rallies in the months of May and October, which bring hundreds of thousands of bikers into the county. All of these events and attractions increase traffic volume in the two counties.

Dexter County has experienced a 50% increase in total traffic collisions from 2016 to 2020, a 30% increase in traffic fatalities from 2016 to 2020, and a 15% increase in traffic-related injuries from 2016 to 2020. In 2020, there were 60 DUI-related traffic collisions in Dexter County, an increase of 25% over the 35 DUI-related traffic collisions in 2016. In 2020, Dexter County experienced 17 DUI-related traffic fatalities, an increase of 89% over the 9 DUI-related traffic fatalities in 2016. In Smith County, there were a total of 180 fatal and severe injury DUI alcohol and/or Drug Collisions from 2016 to 2020. From the perspective of state law enforcement, the number of citations for DUI arrests has been on the rise in both counties. In 2019, the South Carolina Highway Patrol made 325 DUI arrests in Dexter County; in 2020, they made 360 DUI arrests. As for Smith County, in 2019, 275 DUI arrests were made. In 2020, those numbers increased to 315 DUI arrests. Both Dexter County and Smith County are named as priority counties by the Office of Highway Safety and Justice Programs, ranking 5th and 7th respectively for fatal and severe injury DUI alcohol and/or Drug Collisions from 2016 to 2020.

In terms of case volume, as of the end of December 2021, there were 325 total DUI-related cases pending or 'backlogged' on the Seventeenth Circuit's General Sessions court docket. The Dexter County Central Court reports that in 2020, nearly 700 DUI-related cases were filed, and 370 cases disposed; for 2019, 600 DUI-related cases were filed and 500 were disposed, and for 2018 there were 500 cases filed, and 450 cases disposed. In terms of disposed cases, the oldest DUI case disposed of in 2018 was filed in 2012, this is an indication of how long a DUI case could sit on a court docket. The final disposition for that case was "Nolle Prosequi", which means to not prosecute. From 2018-2020, there were 75 cases that had a final disposition of Nolle Prosequi/Dismissal. During that same time period, on average, one third of DUI cases in the Seventeenth Circuit were pled down to a lesser charge. The conviction rate for the circuit, from 2018-2020, is around 35%.

The Seventeenth Circuit Solicitor's Office is committed to reducing the senseless crime and occurrence of impaired driving in this state. This office has an Assistant Solicitor whose caseload is primarily DUI-related cases; however, several of the General Sessions Assistant Solicitors handle cases because of the workload. Indicative by the highway safety stats, the number of DUI-related arrests, and the number of pending DUI cases in this jurisdiction, the Seventeenth Circuit is requesting grant funds to fund activity hours for an Assistant Solicitor to prosecute DUI-related traffic cases. A dedicated prosecutor would decrease the amount of time DUI cases are delayed before being prosecuted, which would likely increase the conviction rate for these offenses. The DUI Prosecutor will also work with the Magistrate and Circuit Court Judges to collaborate and develop a more efficient method to process the DUI cases on the docket.

53. **Policy on Banning Text Messaging While Driving:**

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

54. **Indirect Costs:**

Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned directly to Federal awards and other activities as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated to a Federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a Federal award as a direct cost. Indirect costs are normally charged to Federal awards by the use of an indirect cost rate. A separate indirect cost rate(s) or IDCRC is usually necessary for each department or agency of the governmental unit claiming indirect costs under Federal awards.

2 C.F.R. §200.331(a)(4) and 2 C.F.R. §200.414(4)(f) states...if a subrecipient does not have a federally negotiated indirect cost rate, the pass-through entity may either negotiate a rate with that subrecipient or apply the de minimis indirect cost rate of 10% of modified total direct costs (MTDC). The pass-through entity may not force or entice the subrecipient without a federally negotiated indirect cost rate to accept a rate lower than the de minimis rate of 10%. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward or subcontract under the award (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000.

55. **Active DUNS number, Central Contractor Registration (CCR) registration, and South Carolina State Vendor ID are required for federal reporting purposes and reimbursement:**

A DUNS number is required during the application process: A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point-of-contact information, and registration is required only once. The DUNS number will be used throughout the grant life cycle. Obtain a DUNS number by calling 1-866-705-5711 or by applying online at <https://fedgov.dnb.com/webform>.

- a. **System for Award Management (formerly Central Contractor Registration [CCR]):** The recipient agrees to comply with applicable requirements regarding registration with the System for Award Management (SAM) (or with a successor government-wide system officially designated by OMB). SAM is a Federal Government-owned and operated free web site that consolidates the capabilities in CCR/FedReg, ORCA, and EPLS. Future phases of SAM will add the capabilities of other systems used in Federal procurement and awards processes. If you had an active record in CCR, you have an active record in SAM. You do not need to do anything in SAM at this time, unless a

change in your business circumstances requires updates to your Entity record(s) in order for you to be paid or to receive an award or you need to renew your Entity(s) prior to its expiration. SAM will send notifications to the registered user via email 60, 30, and 15 days prior to expiration of the Entity. To update or renew your Entity records(s) in SAM you will need to create a SAM User Account and link it to your migrated Entity records. You do not need a user account to search for registered entities in SAM by typing the DUNS number or business name into the search box. <https://www.sam.gov/portal/public/SAM/>.

- b. **South Carolina State Vendor Number:** To ensure that your agency is registered with the state, in order to receive reimbursement for grant-eligible expenses, an agency or entity will need to go to the following link and register to obtain a SC State Vendor number. <http://www.mmo.sc.gov/PS/vendor/PS-vendor-registration.phtm>. This information should be sent with the first Request for Reimbursement to the person listed on the cover letter in your award packet.

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
